## Don Giovanni system design Giuseppe Casarosa

Sistema di sedute e piccoli complementi (D.G. consolle e D.G. servetto) che suggerisce un'idea di comfort "contemporaneo". E' un prodotto dalle linee semplici e dalle dimensioni generose. Un'ampia gamma di elementi terminali, angolari, chaise longue e pouf, oltre alla doppia profondità di alcuni di essi, consentono moltissime soluzioni compositive. La tappezzeria è caratterizzata da dettagli sartoriali, sottolineati dai profili del rivestimento. I cuscini delle sedute e degli schienali sono realizzati con i poliuretani migliori e piuma vergine per garantire uno standard di comfort elevato. Una base alta in legno, con terminali in ottone, conferisce all'insieme una sobria eleganza e una chiarezza formale. Completano la collezione un servetto e una consolle in due diverse misure, complementi necessari ad ottimizzare e personalizzare lo spazio.
